

Tomato Ripening Rooms

Quality Ripening is achieved with State-of-the-Art Ripening Rooms from **Dade Service Corporation**. With over 3,000 car loads of Tomato Ripening Rooms built to date for the leading Tomato Packers and Shippers you can trust **Dade Service** to deliver a quality product. We Design and Build Ripening Rooms or complete Packing and Ripening Facilities to meet your most demanding needs. We offer the following types of Tomato Ripening Rooms:

- Batch Ripening Rooms from 1 pallet to 200 pallets in size
- Continuous Duty Ripening Rooms from 20 pallets to 400 pallets in size
- Free Standing Rooms for warehouses
- Rack Supported Rooms for exterior locations
- Custom sizes and configurations available
- Combination Ripening and Cooling Rooms
- Pressurized Ripening and Rapid-Cool rooms

With over 40 years of Ripening Room Experience we have perfected Ripening Room Designs to provide the optimum Environment for Tomato Ripening. All our Ripening Room Designs feature:

- *DASERCO Brand* Ripening Control Systems with Touch Screen Controllers to provide easy and total control over the ripening process. Allows for automating the ripening process
- Custom Designed Energy Efficient Ripening and Cooling Equipment with special Hygienic features
- Durable Structural Steel Racking systems with Food Safe hot dipped galvanized finish
- Insulated Metal Panel Systems with USDA approved finishes and the industry's best insulating values provide a sanitary, easy to clean room.

We invite you to contact **Dade Service** for your next Ripening Room or Produce Cooling Project.
